

# VULCAN SEALS

## Gland Packing

### Service

#### Product Range

Vulcan holds extensive stocks of 20 different gland packing styles to cover all applications, in all standard sizes and lengths.

Non-standard styles and sizes, scarf cut and die-formed rings are also available and are manufactured to order.

#### Stock Guarantee

The size of our stock means we can guarantee the supply of our 20 styles, in all standard sizes and lengths, for next-day dispatch.

#### Service Guarantee

Using your Web Portal account, you have 24/7 online access to our stock information, as well being able to place and track an order.

### Quality

#### Superior Manufacture

All Vulcan gland packing is square braided using the most advanced braiding machines available.

This provides a high degree of resilience and volume consistency, leading to significantly longer life.

### Price

#### Price Promise

Without affecting product quality or service, we guarantee to offer the best price on all of our gland packing, and will match any genuine lower quoted price on an equivalent product.
